# *MySHL Solutions Exclusive Provider Organization (EPO) Agreement of Coverage*

**This Agreement of Coverage contains a Deductible.**

This EPO Agreement of Coverage (“AOC”) describes your healthcare plan. This EPO plan does not provide any services received from a Non-Plan Provider except for Emergency Services or Medically Necessary services that are not available through a Plan Provider.

This AOC tells you about your benefits, rights and duties as an SHL Insured. It also tells you about SHL’s duties to you. This AOC including the Attachment A Benefit Schedule and any other Attachments, Endorsements, Riders or Amendments to it, your application form, health statements, Member Identification Card and all other applications received by SHL are all part of your SHL membership package. Please read them carefully and keep them in a safe place. **Words that are capitalized are defined in Section 14 – Glossary.**

Please carefully review your AOC and your Attachment B, Services Requiring Prior Authorization, to determine which services require Prior Authorization under the Plan. Failure of the Insured to comply with the requirements of SHL’s Managed Care Program and the Prior Authorization process will result in a reduction of benefits.

**IMPORTANT NOTE:** This plan does not provide any services received from a Non-Plan Provider except for Emergency Services or Medically Necessary services that are not available through a Plan Provider.

**NOTICE:** If upon examination of this Agreement of Coverage you are not satisfied, for any reason, you may return the Agreement of Coverage materials, within ten (10) days of its delivery, and request a full refund of the premium paid.

- Meet the guidelines established in the SHL Individual EPO Enrollment Application.
- Complete and submit to SHL such applications or forms that SHL may reasonably request.
- Physically live in Clark County, Nevada.

**Dependent.** To be eligible to enroll as a Dependent, an individual must be one of the following:

- A Subscriber's legal spouse or a legal spouse for whom a court has ordered coverage.
- A registered domestic partner.
- A child by birth. Adopted child. Stepchild. Minor child for whom a court has ordered coverage. Child being Placed for Adoption with the Subscriber. A child for whom a court has appointed the Subscriber or the Subscriber's spouse the legal guardian.

- A Dependent includes any child listed above under the limiting age of 26.
- A Dependent does not include anyone who is also enrolled as a Subscriber. No one can be a Dependent of more than one Subscriber.
- A Dependent includes a Dependent child who is incapable of self-sustaining employment due to mental or physical handicap, chiefly dependent upon the Subscriber for economic support and maintenance, and who has satisfied all of the requirements of (a) or (b) below:
  - a. The child must be covered as a Dependent under this Plan before reaching the limiting age, and proof of incapacity and dependency must be given to SHL by the Subscriber within thirty-one (31) days of the child reaching the limiting age; or
  - b. The handicap started before the child reached the limiting age, but the Subscriber was covered by another health insurance carrier that covered the child as a handicapped Dependent prior to the Subscriber applying for coverage with SHL.

SHL may require proof of continuing incapacity and dependency when the child reaches the limiting age. SHL's determination of eligibility is final.

Evidence of any Court Order needed to prove eligibility must be given to SHL.

### 1.2 Who Is Not Eligible

The following individuals are not eligible for coverage:

- An individual who is eligible and/or enrolled for coverage under Medicare Part A and/or B at the time of application.
- An individual who is eligible and/or enrolled in Medicaid either at the time of application or after enrollment.
- A foster child of the applicant or Subscriber.
- A child placed in the applicant's or Subscriber's home other than for adoption.
- A grandchild of the applicant or Subscriber.
- Any other individual not defined in Section 1.1.

### 1.3 Changes In Eligibility Status

- Reaching the limiting age.
- Death.
- Divorce.
- Ceasing to satisfy the mental or physical handicap requirements.

## *Agreement of Coverage*

- The Eligible Person and/or Dependent loses eligibility under Medicaid or Children's Health Insurance Program (CHIP). Coverage will begin only if SHL receives the completed enrollment form and any required Premium within 60 days of the date coverage ended.
- Any other event which affects a Dependent's eligibility.

If the Subscriber fails to give notice which would have resulted in termination of coverage, SHL shall have the right to terminate coverage.

A Dependent's coverage terminates on the same day as the Subscriber.

### **Continuation of Coverage Due to Specific Change in Eligibility Status**

An Insured that becomes ineligible for coverage under this Plan due to specific changes in eligibility status may qualify for the same coverage under their current SHL benefit Plan and rates in the following circumstances:

- Death of the Subscriber;
- Divorce between Subscriber and spouse;
- Termination of a domestic partnership; or
- When a child involuntarily fails to meet the eligibility rules outlined in Section 1.1.

In order to qualify for continuation of coverage under the above circumstances, the affected Insured must contact SHL within thirty-one (31) days of the date of loss of eligibility to request continued coverage. Any and all waiting periods satisfied under the current Plan will be credited to the Insured under the continued Plan coverage.

Eligible Individuals and Eligible Family Members must make application to SHL in order to have coverage under this Plan.

1. **Newly Eligible Family Members.** Any individual becoming a newly Eligible Family Member may apply for coverage under SHL by submitting to SHL the Application Form (or Membership Change Form) within sixty (60) days of the date on which the individual becomes eligible. 4. **Annual Open Enrollment Periods.** An Insured is eligible to enroll during the Federally Required Open Enrollment Period.

## **1.5 Effective Date of Coverage**

Before coverage can become effective, SHL must receive and accept premium payments and an SHL Individual EPO Application Form for the person applying to be an Insured.

1. When the Enrollment Application Form is received, approved and applicable premium payments have been accepted by SHL the Effective Date is as follows:

**Open Enrollment (2022)** -The annual open enrollment period is November 1, 2021 through January 15, 2022; the annual open enrollment period may be extended at the discretion of the SSHIX.

- Applications received between November 1, 2021 and December 31, 2021 will be effective January 1, 2022.

- **Subsequent Open Enrollments (2023 and beyond)** – Applications received during the Federally Required Open Enrollment will be reviewed for an effective date of the 1<sup>st</sup> of the month following the date the application is received.

## ***Agreement of Coverage***

2. A Subscriber's newborn natural child is covered for the first thirty-one (31) days following birth. Coverage continues after thirty-one (31) days only if the Subscriber makes application for the child as a Dependent and pays any premium within sixty (60) days of the date of birth.
3. An adopted child is covered for the first thirty-one (31) days from birth only if the adoption has been legally completed before the child's birth, unless the adopted child is placed with the Subscriber during the first thirty-one (31) days of the child's life. A child Placed for Adoption is covered for the first thirty-one (31) days after the Placement for Adoption.

Coverage continues after the applicable thirty-one (31) day period only if the Subscriber makes application for the child as a Dependent and pays any premium within sixty (60) days after the placement of the child in the Subscriber's home or the child's birth. The coverage of a child Placed for Adoption ends on the date the adoption proceedings are terminated.

4. If a court has ordered Subscriber to cover his or her legal spouse or unmarried minor child, that person will be covered for the first thirty-one (31) days following the date of the court order. Coverage continues after thirty-one (31) days if the Subscriber makes application for the Dependent and pays any required premium within sixty (60) days of application. A copy of the court order must be given to SHL.

Subscriber must give SHL a copy of the certified birth certificate, decree of adoption or certificate of placement for adoption for coverage to continue after thirty-one (31) days for newborn and adopted children.

Subscriber must give SHL a copy of the certified marriage certificate or any other required documents before coverage can be effective for other Eligible Family Members.

### **1.6 Special Enrollment Period (SEP)**

An individual may enroll in SHL outside of the annual open enrollment period under the following circumstances; pre-enrollment verification may apply:

- Loss of Minimum Essential Coverage (MEC): An applicant may enroll sixty (60) days before and after loss of MEC. If enrolling before loss of MEC, the effective date of coverage will be the date of action of the loss of MEC. If enrolling after loss of MEC, the effective date will be the first (1<sup>st</sup>) day the month following loss of MEC. SHL is allowed to reject enrollment if loss of MEC is due to non-payment of premium.
- Eligible immigration status: A newly eligible applicant may enroll sixty (60) days after gaining eligible immigration status. Applications received during the month eligible status is obtained will have an effective date of the first (1<sup>st</sup>) day of following month, if the Subscriber submits the application by the fifteenth (15<sup>th</sup>) of the month that immigration status changed.
- Gaining or becoming a Dependent: A new Dependent may be added to the Subscriber's plan as follows:
  - ✓ Newborns: Sixty (60) days after birth with date of birth as the effective date;
  - ✓ Other Dependents Through Marriage: Sixty (60) days after marriage with an effective date of first of the following month. A new spouse or domestic partner of an existing Subscriber must demonstrate that, for one or more days in the sixty (60) days preceding the marriage, he/she was either enrolled in MEC or lived in a U.S. Territory or a foreign country.
- Permanent move: Applicants must provide evidence that a move occurred and, that for one or more days in the 60 days preceding the move, the applicant was either enrolled in MEC or lived in a U.S. Territory or a foreign country. NOTE: Moving only for medical treatment and/or staying somewhere for vacation does not qualify as a permanent move.

Verification Delays: Applicants may start their coverage no more than one (1) month later than their effective date would ordinarily have been, if the special enrollment period verification process delays their enrollment such that they would be required to pay two (2) or more months of retroactive premium to effectuate coverage or avoid cancellation.

## **SECTION 2. Termination**

SHL may terminate coverage under this Plan at the times shown for any one (1) or more of the following reasons:

### **2.1 Termination by SHL**

- If a Subscriber fails to make premium payments within thirty-one (31) days of the premium due date, coverage will be terminated on the first (1<sup>st</sup>) day of the month for which a premium was due and was not received by SHL.
- With thirty (30) days written notice, if the Insured allows his or any other Insured's SHL Identification (ID) card to be used by any other person, or uses another person's card. The Insured will be liable to SHL for all costs incurred as a result of the misuse of the Insured's SHL ID card.
- Failure to maintain eligibility requirements as set forth in Section 1.

## *Agreement of Coverage*

- If the Insured performs an act or practice that constitutes fraud, or makes any intentional misrepresentation of material fact, as prohibited by the terms of coverage, SHL has the right to rescind coverage and declare coverage under the Plan null and void as follows:
  - for a material breach that occurred in the application process, rescission of coverage back to the original Effective Date of Coverage, with a refund any applicable premium; or
  - for any other act of fraud, termination effective no earlier than the date that the fraud had taken place.

Thirty (30) days written notice shall be provided to the Insured prior to any rescission of coverage. An Insured has the right to appeal any such rescission.

- Except as specifically provided in Section 1.3, on the last day of the calendar month in which an Insured no longer meets the requirements of Section 1.
- If the Insured fails to give written notice within thirty-one (31) days of the loss of eligibility, SHL will terminate coverage retroactively and refund any corresponding premium.
- When information provided to SHL in the application form is determined to be untrue, inaccurate, or incomplete, in lieu of termination of coverage. SHL shall have the right to retroactively increase past premium payments to the maximum rate allowed that would have been billed if such untrue, inaccurate, or incomplete information had not been provided. If the revised premium rate is not received by SHL within thirty (30) days of the letter of notification, coverage will be terminated as of the paid-to date.

### **2.2 Termination by the Subscriber**

Subscriber has the right to terminate his coverage under the Plan by written notice to SHL. Such termination is effective on the last day of the month in which the notice is received by SHL unless coverage is terminated prior to such date by SHL.

### **2.3 Reinstatement**

Any Individual EPO Plan, which has been terminated in any manner, may be reinstated by SHL at its sole discretion.

### **2.4 Effect of Termination**

No benefits will be paid under this Plan by SHL for services provided after termination of an Insured's coverage under this Plan. The Insured will be responsible for payment of medical services and supplies incurred after the Effective Date of the termination of this Plan.

## **SECTION 3. Managed Care Program**

This section tells you about SHL's Managed Care Program and which Covered Services require Prior Authorization.

### **3.1 Managed Care Program**

SHL's Managed Care Program, using the services of professional medical peer review committees, Utilization Review Committees, and/or the Medical Director, determines whether services and supplies are Medically Necessary. The Managed Care Program helps direct care to the most appropriate setting to provide healthcare in a cost-effective manner. Benefits payable for expenses incurred in connection with Covered Services, which are not Prior Authorized by the Managed Care Program, will be reduced as shown in the Attachment A Benefit Schedule.

### **3.2 Managed Care Program Requirements**

SHL's Managed Care Program requires the Insured, Plan Providers and SHL to work together. All Plan Providers have agreed to participate in SHL's Managed Care Program. Plan Providers have agreed to accept SHL's Reimbursement Schedule amount as payment in full for Covered Services, less the Insured's payment of any applicable Calendar Year Deductible, Copayment or Coinsurance amount, whereas Non-Plan Providers have not. Insureds enrolled under SHL's Exclusive Provider Organization (EPO) Plans who use the services of Non-Plan Providers will receive no benefit payments or reimbursement for amounts for any Covered Service, except

- in the case of Emergency Services or Urgently Needed Services or
- other Covered Services provided by a Non-Plan Provider that **are** Prior Authorized by SHL's Managed Care Program.

This includes any Prior Authorized Covered Services obtained from a Non-Plan outpatient facility, such as a laboratory, radiological facility (x-ray), or any complex diagnostic or therapeutic services. In no event will SHL pay more than the maximum payment allowance established in the SHL Reimbursement Schedule.

## ***Agreement of Coverage***

It is the Insured's responsibility to verify that the Provider selected is a Plan Provider before receiving any non-Emergency Services and to comply with all other rules of SHL's Managed Care Program.

Failure of the Insured to comply with the requirements of SHL's Managed Care Program will result in a reduction of benefits. Benefits payable for Covered Services from Plan Providers which are not Prior Authorized by SHL's Managed Care Program will be reduced to 50% of what the Insured would have received with Prior Authorization.

### **3.3 Managed Care Process**

The Medical Director and/or SHL's Utilization Review Committee will review proposed services and supplies to be received by an Insured to determine:

- If the services are Medically Necessary and/or appropriate.
- The appropriateness of the proposed setting.
- The required duration of treatment or admission.

Following review, SHL will complete the Prior Authorization written notification and send a copy to the Provider and the Insured. This form will specify approved services and supplies. **Prior Authorization is not a guarantee of payment for Covered Services.**

The final decision as to whether any care should be received is between the Insured and the Provider. If SHL denies a request by an Insured and/or Provider for Prior Authorization of a service, the Insured or his Authorized Representative may appeal the denial to the Grievance Review Committee (see the Appeals Procedures Section).

### **3.4 Services Requiring Prior Authorization**

Please refer to Attachment B, Services Requiring Prior Authorization. The list represents services that are commonly reviewed and may require additional clinical information in order for a determination of Prior Authorization to be made.

SHL recommends that the Insured or the Insured's Physician or practitioner making a specific request for services verify benefits under this Plan and the Prior Authorization requirements prior to providing services. The Attachment B, Services Requiring Prior Authorization list is subject to change periodically and may be modified at any time without notification.

### **3.5 Emergency Admission Notification**

The Insured must report all emergency admissions to the Member Services Department by calling the Member Services Department at 888-293-6831 within twenty-four (24) hours of admission, or as soon as reasonably possible, to authorized continued care.

All Emergency Services admissions are reviewed Retrospectively to determine if the treatment received was Medically Necessary and appropriate and was for Emergency Services as defined in this AOC. If such Emergency Services are provided by Non-Plan Providers, all Medically Necessary professional, Inpatient or outpatient Emergency Services will be Covered Services.

### **3.6 Failure to Comply**

Failure of the Insured to comply with the requirements of SHL's Managed Care Program will result in a reduction of benefits. Benefits payable for Covered Services which are not Prior Authorized by SHL's Managed Care Program will be reduced to 50% of what the Insured would have received with Prior Authorization.

### **3.7 Appeals Rights**

All decisions of SHL's Managed Care Program may be appealed by the Insured or his Authorized Representative through the Appeals Procedures. If an imminent and serious threat to the health of the Insured exists, the appeal will be directed to SHL's Medical Director.

## **SECTION 4. Obtaining Covered Services**

This section tells you under what conditions services are available under this Plan and your obligations as an Insured. You should also carefully review the Exclusions and Limitations Sections prior to obtaining any healthcare services.

### **4.1 Availability of Covered Services**

Insureds are entitled to receive benefits for the expenses incurred in connection with the Covered Services shown in Section 5 herein and the Attachment A Benefit Schedule subject to all terms and conditions of this AOC, and payment of required premium. These Covered Services are available only if and to the extent that they are:

- Provided or Prescribed by a duly licensed Provider; and

# Agreement of Coverage

- Specifically authorized through SHL's Managed Care Program as applicable; and
- Medically Necessary as defined in this AOC.

To obtain maximum benefits, Prior Authorization must be received from SHL's Managed Care Program in order for full benefits to be payable for certain Covered Services. Please read this AOC and the Attachment B, Services Requiring Prior Authorization, carefully to determine which services require Prior Authorization. This section does not apply to Emergency Services or Urgently Needed Services as defined in this AOC.

NOTE: This EPO plan does not provide any services received from a Non-Plan Provider except for Emergency Services or Medically Necessary services that are not available through a Plan Provider.

## 4.2 Designated Facilities and Other Providers

If an Insured has a medical condition that SHL determines to need special services, SHL may direct the Insured to a Designated Facility and/or a Designated Provider selected by SHL. If the Insured requires certain complex Covered Health Services for which expertise is limited, SHL may direct the Insured to a Network facility or provider that is outside the Insured's local geographic area. If the Insured is required to travel to obtain such Covered Health Services from a Designated Facility or Designated Provider, SHL may reimburse certain travel expenses at its discretion.

In both cases, Network Benefits will only be paid if the Insured's Covered Health Services for that condition are provided by or arranged by the Designated Facility, Designated Provider or other provider chosen by SHL.

It is the responsibility of the Insured or of the Network Provider to notify SHL of special service needs (such as transplants or cancer treatment) that might warrant referral to a Designated Facility or Designated Provider. Benefits payable for expenses incurred in connection with Covered Services from a Network facility or Provider (regardless of whether it is a Designated Facility or Provider) which are not Prior Authorized by SHL's Managed Care Program will be reduced to 50% of what the Insured would have received if the services had been Prior Authorized.

## 4.3 Provider Selection

Subject to all conditions, exclusions, and limitations, if the Insured uses the services of a Provider who is a licensed Practitioner in the state in which he is practicing and who is operating within the scope of his license, then such services shall be treated as though they had been performed by a Physician.

## 4.4 Continuity of Care from Plan Providers

Termination of a Plan Provider's contract will not release the Provider from treating an Insured, except for reasons of medical incompetence or professional misconduct as determined by SHL.

Coverage provided under this section is available until the latest of the following dates:

- The 120th day following the date the contract was terminated between the Provider and SHL; or
- If the medical condition is pregnancy, the 90th day after the date of delivery or if the pregnancy does not end in delivery the date of the end of the pregnancy.

The Insured or Plan Provider may submit a request for continuity of care to the address shown below. If the Plan agrees to the continued treatment, the Plan will pay for Covered Services at the Plan Provider level of benefits for a limited time, as outlined above. The Plan Provider may not seek payment from the Insured for any amounts for which the Insured would not be responsible if the Provider were still a Plan Provider.

## SECTION 5. Covered Services

This section tells you what services are covered under this Plan. Only services and supplies, which meet SHL's definition of Medically Necessary will be considered to be Covered Services. The Attachment A Benefit Schedule shows, if applicable, the Calendar Year Deductible, Copayments, Coinsurance and benefit limitations for Covered Services. All Covered Services are subject to SHL's Managed Care Program.

# ***Agreement of Coverage***

## **Ambulance Services**

Covered Services include Ambulance Services to the nearest appropriate Hospital. SHL will make direct payment to a provider of Ambulance Services if the provider does not receive payment from any other source. Ambulance Services will be reviewed on a Retrospective basis to determine Medical Necessity. The Insured will be fully liable for the cost of Ambulance Services that are not Medically Necessary.

## **Assistant Surgical Services**

Covered Services include services performed by an assistant surgeon in connection with a covered surgical procedure but only to the extent surgical assistance is necessary due to the complexity of the procedure involved.

## **Autism Spectrum Disorder Services**

Covered Services include Medically Necessary services that are generally recognized and accepted procedures for screening, diagnosing and treating Autism Spectrum Disorders for Insureds under the age of 18 or, if enrolled in high school, until such Insured reaches the age of 22. Covered Services must be provided by a duly licensed physician, psychologist or Behavior Analyst or other provider that is supervised by the licensed physician, psychologist or behavior analyst and are subject to SHL's Managed Care Program. With the exception of the specific limitation on benefits for Applied Behavior Analysis ("ABA") as outlined in Attachment A Benefit Schedule, benefits for all Covered Services for the treatment of Autism Spectrum Disorders are payable to the same extent as other Covered Services and Covered Drugs under the Plan.

Covered Services for the treatment of Autism Spectrum Disorder Services do not include services provided through school services.

## **Clinical Trial or Study**

Covered Services include coverage for Prior Authorized medical treatment received as part of a clinical trial or study if the following provisions apply:

- The clinical trial or study is conducted in the state of Nevada and the medical treatment is provided:
  1. In a Phase I, Phase II, Phase III or Phase IV clinical trial or study for the treatment of cancer or other life-threatening disease or condition;
  2. In a Phase II, Phase III or Phase IV clinical trial or study for the treatment of chronic fatigue syndrome;
  3. For cardiovascular disease (cardiac/stroke) which is not life-threatening, for which, as SHL determines, a clinical trial meets the qualifying clinical trial criteria stated below.
  4. For surgical musculoskeletal disorders of the spine, hip and knees, which are not life-threatening, for which, as SHL determines, a clinical trial meets the qualifying clinical trial criteria stated below.
  5. Other diseases or disorders which are not life-threatening not life-threatening, for which, as SHL determines, a clinical trial meets the qualifying clinical trial criteria stated below
- The clinical trial or study is approved by one of the following entities:
  1. An agency of the National Institutes of Health (NIH) as set forth in 42 U.S.C. § 281 (b);
  2. The Centers for Disease Control and Prevention (CDC);
  3. The Agency for Healthcare Research and Quality (AHRQ);
  4. Centers for Medicare and Medicaid Services (CMS);
  5. A cooperative group;
  6. A qualified non-governmental research entity identified in the guidelines issued by the National Institutes of Health for center support grants;
  7. The Department of Veterans Affairs, the Department of Defense or the Department of Energy as long as the study or investigation has been reviewed and approved through a system of peer review that is determined by the Secretary of Health and Human Services to meet the both of following criteria:
    - Comparable to the system of peer review of studies and investigations used by the National Institutes of Health.
    - Ensures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review.
- The study or investigation is conducted under an investigational new drug application reviewed by the U.S. Food and Drug Administration;
- The study or investigation is a drug trial that is exempt from having such an investigational new drug application;
- The clinical trial must have a written protocol that describes a scientifically sound study and have been approved by all relevant institutional review boards (IRBs) before participants are enrolled in the trial. SHL may, at any time, request documentation about the trial;
- The medical treatment is provided by a duly licensed Provider of healthcare and the facility and personnel have the experience and training to provide the medical treatment in a capable manner;
- There is no medical treatment available which is considered a more appropriate alternative than the medical treatment provided in the clinical trial or study;

## *Agreement of Coverage*

- There is a reasonable expectation based on clinical data that the medical treatment provided in the clinical trial or study will be at least as effective as any other medical treatment; and
- The Insured has signed a statement of consent before his participation in the clinical trial or study indicating that he has been informed of:
  1. The procedure to be undertaken;
  2. Alternative methods of treatment; and
  3. The risks associated with participation in the clinical trial or study.

Benefit coverage for medical treatment received during a clinical trial or study is limited to the following Covered Services:

- The initial consultation to determine whether the Insured is eligible to participate in the clinical trial or study;
- Any drug or device that is approved for sale by the FDA without regard to whether the approved drug or device has been approved for use in the medical treatment of the Insured, if the drug or device is not paid for by the manufacturer, distributor, or Provider;
- Services normally covered under this Plan that are required as a result of the medical treatment or related complications provided in the clinical trial or study when not provided by the sponsor of the clinical trial or study;
- Services required for the clinically appropriate monitoring of the Insured during the clinical trial or study when not provided by the sponsor of the clinical trial or study.

Benefits for Covered Services in connection with a clinical trial or study are payable under this Plan to the same extent as any other Illness or Injury.

Services must be provided by an SHL Plan Provider. In the event an SHL Plan Provider does not offer a clinical trial with the same protocol as the one the Insured's Plan Provider recommended, the Insured may select a Non-Plan Provider performing a clinical trial with that protocol within the State of Nevada. If there is no Provider offering the clinical trial with the same protocol as the one the Insured's Plan Provider recommended in Nevada, the Insured may select a clinical trial outside of Nevada but within the United States of America. In no event will SHL pay more than the maximum payment allowance established in the SHL Reimbursement Schedule.

SHL will require a copy of the clinical trial or study certification approval, the Insured's signed statement of consent, and any other materials related to the scope of the clinical trial or study relevant to the coverage of medical treatment.

Coverage for Short-Term Habilitation Services does not apply to those services that are solely educational in nature or otherwise paid under state or federal law for purely educational services. Custodial Care, respite care, day care, therapeutic recreation, vocational training and residential treatment are not Short-Term Habilitation Services. A service that does not help the Insured to meet functional goals in a treatment plan within a prescribed time frame is not an Habilitative Service. When the Insured reaches his maximum level

of improvement or does not demonstrate continued progress under a treatment plan, a service that was previously habilitative is no longer habilitative.

SHL may require that a treatment plan be provided, request medical records, clinical notes, or other necessary data to allow us to substantiate that initial or continued medical treatment is needed and that the Insured's condition is clinically improving as a result of the Habilitative Service. When the treating provider anticipates that continued treatment is or will be required to permit the Insured to achieve demonstrable progress, SHL may request a treatment plan consisting of diagnosis, proposed treatment by type, frequency, anticipated duration of treatment, the anticipated goals of treatment, and how frequently the treatment plan will be updated.

Short-Term Habilitation Services that are provided in the home by a licensed Home Healthcare Provider are covered as described under the Home Healthcare Services section.

Covered Services do not include cardiac rehabilitation services provided on a non-monitored basis nor do they include treatment for intellectual disability.

### **Special Food Product/Enteral Formulas**

Covered Services include enteral formulas and special food products when prescribed by a Physician and authorized by the Managed Care Program for treatment of an inherited metabolic disease.

- "Special Food Product" means a food product specially formulated to have less than one (1) gram of protein per serving intended to be consumed under the direction of a Physician. The term does not include food that is naturally low in protein.

### **Specialty Services, Second and Third Opinions and Consultations**

Covered Services include medical services rendered by a Specialist or other duly licensed Provider whose opinion or advice is requested by an Insured's treating Physician or the Medical Director for further evaluation of an Illness or Injury on an Inpatient or outpatient basis.

- **Third Opinions.** In the event a first and Second Opinion for a Covered Service are in conflict, SHL or Insured may request a Third Opinion from a Physician qualified to diagnose and treat the specific Illness or Injury.

## Substance-Related and Addictive Disorder Services

All benefits for Substance-Related and Addictive Disorder Services are subject to the Utilization Management process through SHL Behavioral Health. Services must be offered in a treatment setting that is appropriate for the Medically Necessary level of care, as determined by staffing, ability to provide patient safety, treatment intensity, the diagnostic and therapeutic modalities available, the extent of supportive services and access to general medical care. All non-routine, outpatient Substance-Related and Addictive Disorder Services require Prior Authorization.

**Inpatient Detoxification:** A hospital based program which provides twenty-four (24) hours a day, seven (7) days nursing care, medical monitoring, and physician availability; daily physician visits, assessment, diagnostic services and active behavioral health treatment services for the purpose of completing a medically safe and appropriate withdrawal from alcohol or other substances.

**Outpatient Detoxification:** Outpatient Detoxification is comprised of services that are provided in an ambulatory setting for the purpose of completing a medically safe withdrawal from alcohol or drugs.

**Inpatient Rehabilitation:** A hospital based program which provides twenty-four (24) hours a day, seven (7) days nursing care, medical monitoring, and physician availability, daily physician visits, assessment and diagnostic services, and active behavioral health treatment services for the purpose of initiating the process of assisting a Insured with gaining the knowledge and skills needed to prevent recurrence of a substance-related disorder.

NOTE: Transitional Living services are not covered under RTC and are not a covered benefit.

**Outpatient:** Assessment, diagnosis and active behavioral health treatment that are provided in an ambulatory setting, including individual, group, and family counseling services.

All inpatient Substance-Related and Addictive Disorder Services require Plan notification. Network facilities must provide notification of all inpatient admissions to the Plan. When these services are provided out of network, the Insured is responsible for providing the notification and relevant information to the Plan. Insureds should provide notice of emergent admissions within twenty-four (24) hours of admission or as soon as reasonably possible given the circumstances. Insureds may delegate their responsibility to provide notification to the non-network facility but it is the Insured's responsibility to ensure that the Plan receives notification. Initial notification results in a medical necessity review based on plan requirements and may result in an adverse benefit determination.

**All admissions for Emergency Services are reviewed Retrospectively to determine if the treatment received was Medically Necessary and appropriate. If the Insured receives services other than Emergency Services in a Substance-Related and Addictive Disorder facility without obtaining Prior Authorization from SHL, benefits will be reduced to 50% of what the Insured would have received if the services had been Prior Authorized, provided however, that the benefits paid will not be less than 50% of the Eligible Medical Expenses or the Recognized Amount when applicable. If the treatment received is not a Covered Service or if treatment is received for a condition which is not Medically Necessary, no benefit is payable.**

## Telemedicine

Covered Services received through Telemedicine do not require Prior Authorization unless the Covered Service would require Prior Authorization if provided in person. The Insured does not have to establish a relationship with the Telemedicine Provider to receive services. Telemedicine Services received through a contracted SHL Non-Specialist or Specialty Care Provider will be subject to the applicable facility and professional Copayments and/or Coinsurance amount as set forth in Attachment A, Benefit Schedule.

SHL does not require the Provider to demonstrate the necessity to provide services through, or to receive additional certifications or licenses in, Telemedicine.

## ***Agreement of Coverage***

SHL will not refuse to provide coverage because of the distant site from which the contracted Telemedicine Provider provides Covered Services or the originating site at which the Insured receives Telemedicine Services. SHL will not require Covered Services to be provided through Telemedicine as a condition of coverage.

Virtual Visits: Covered Services received through virtual visits do not require Prior Authorization when provided through an SHL contracted Provider. Refer to the Attachment A, Benefit Schedule for the Insured's cost-share responsibility. ### SECTION 7. Limitations

This section tells you what services are limited under this Plan.

#### 7.1 Calendar Year and Lifetime Maximum Benefit Limitations

Please see the Attachment A Benefit Schedule for Calendar Year maximums or lifetime maximums applicable to certain benefits.

#### 7.2 Emergency Services

If treatment is received by an Insured in a Hospital emergency room or other emergency facility for a condition which may be Medically Necessary but which does not require Emergency Services as defined in this AOC, a reduced benefit will be allowed toward expenses incurred in connection with Covered Services included in such treatment. ### SECTION 8. Coordination of Benefits (COB)

This section tells you how other health insurance you may have affects your coverage under this Plan. NOTE: This plan is always secondary to a stand-alone dental plan for certain services pursuant to Nevada state regulations.

#### 8.1 The Purpose of COB

Coordination of Benefits (COB) is intended to help contain the cost of providing healthcare coverage. When an individual person has dual coverage through SHL and another healthcare plan, the COB guidelines outlined in this section apply. The COB guidelines explain how, in a dual healthcare coverage situation, benefits are coordinated or shared by each plan.

#### 8.2 Benefits Subject to COB

All of the healthcare benefits provided under this AOC are subject to this section. The Insured agrees to permit SHL to coordinate its obligations under this AOC with payment under any other Health Benefit Plan that covers the Insured.

#### 8.3 Definitions

Some words in this section have a special meaning to meet the needs of this section. These words and their meaning when used are:

- (a) **"Plan"** will mean an entity providing healthcare benefits or services by any of the following methods:
  1. Insurance or any other arrangement for coverage for individuals whether on an insured or uninsured basis, including the following:
    - a. Hospital indemnity benefits with regard to the amount in excess of \$30 per day.
    - b. Hospital reimbursement type plans which permit the insured person to elect indemnity benefits at the time of claim.
  2. Service plan contracts, group practice, individual practice and other prepayment coverage.
  3. Any coverage for students that is sponsored by, or provided through, school or other educational institutions, other than accident coverage for grammar school or high school students that the parent pays the entire premium.
  4. Any coverage under labor management trustee plans, union welfare plans, employer organization plans, employee benefit plans, or employee benefit organization plans.
  5. Coverage under a governmental program, including Medicare and workers' compensation plans.

The term "Plan" will be construed separately with respect to each policy, contract or other arrangement for benefits or services and separately with respect to that portion of any such policy, contract or other arrangement which reserves the right to take the benefits or services of other Plans into consideration in determining its benefits and that portion which does not.

- (b) **"Allowable Expense"** means the Eligible Medical Expenses, or the Recognized Amount when applicable, for Medically Necessary Covered Services. When a Plan provides benefits in the form of services rather than cash payments, the reasonable cash value of each service rendered shall be an Allowable Expense and a benefit paid.
- (c) **"Claim Determination Period"** means the Calendar Year.
- (d) **"Primary Plan"** means a Plan that, in accordance with the rules regarding the order of benefits determination, provides benefits or benefit payments without considering any other Plan.
- (e) **"Secondary Plan"** means a Plan that in accordance with the rules regarding the order of benefit determination, may reduce its benefits or benefit payments and/or recover from the Primary Plan benefit payments.

## Agreement of Coverage

### 8.4 When COB Applies

COB applies when an Insured covered under this Plan is also entitled to receive payment for or provision of some or all of the same Covered Services from another Plan.

### 8.5 Determination Rules

The rules establishing the order of benefit determination are:

- (a) **Non-Dependent or Dependent.** A Plan that covers the person as a Subscriber is primary to a Plan that covers the person as a Dependent.
- (b) **Dependent Child of Parents Not Separated or Divorced.** Except as stated in 10.5(c) below, when this Plan and another Plan cover the same child as a Dependent of different parents:
  1. The Plan of the parent whose birthday falls earlier in the Calendar Year is primary to the Plan of the parent whose birthday falls later in the year.
  2. If both parents have the same birthday, the Plan that has covered a parent for a longer period of time is primary.
  3. If the other Plan does not have the rule described in (1) immediately above, but instead has a rule based on the gender of the parent, and if, as a result, the Plans do not agree on the order of benefits, the rule in the other Plan will determine the order of benefits.
- (c) **Dependent Child of Separated or Divorced Parents.** If two (2) or more Plans cover a person as a Dependent child of divorced or separated parents, benefits for the child are determined in this order:
  1. If there is a court decree that would establish financial responsibility for the medical, dental or other healthcare expenses with respect to the child, the benefits of a Plan that covers the child as a Dependent of the parent with such financial responsibility shall be determined before the benefits of any other Plan that covers the child as a Dependent child;
  2. Second, the Plan of the parent with custody of the child;
  3. Third, the Plan of the spouse (stepparent) of the parent with custody of the child;
  4. Finally, the Plan of the parent not having custody of the child.
- (d) **Active/Inactive Subscriber.** A Plan that covers a person as a Subscriber who is neither laid-off nor retired (or that Subscriber's Dependents) is primary to a Plan that covers that person as a laid-off or retired Subscriber (or that Subscriber's Dependents). If the other Plan does not have this rule, and if as a result, the Plans do not agree on the order of benefits, this rule (d) is ignored.
- (e) **Longer/Shorter Length of Coverage.** If none of the above rules determines the order of benefits, the Plan that covered the person for a longer period of time is primary to the Plan which covered that person for the shorter time period.

Two consecutive Plans shall be treated as one Plan if:

1. That person was eligible under the second Plan within 24 hours after the termination of the first Plan; and
  2. There was a change in the amount or scope of a Plan's benefits or there was a change in the entity paying, providing or administering Plan benefits; or
  3. There was a change from one type of Plan to another (e.g., single employer to multiple employer Plan).
- (f) **If No COB Provision.** If another Plan does not contain a provision coordinating its benefits with those of this Plan, the benefits of such other Plan will be considered primary.

### 8.6 How COB Works

Plans use COB to decide which healthcare coverage programs should be the Primary Plan for the Covered Service. If the Primary Plan payment is less than the charge for the Covered Service, then the Secondary Plan will apply its Allowable Expense to the unpaid balance. Benefits payable under another Plan include the benefits that would have been payable if the Insured had filed a claim for them.

### 8.7 Right to Receive and Release Information

In order to decide if this COB Section (or any other Plan's COB Section) applies to a claim, SHL (without the consent of or notice to any person) has the right to the following:

- (a) Release to any person, insurance company or organization, the necessary claim information.
- (b) Receive from any person, insurance company or organization, the necessary claim information.
- (c) Require any person claiming benefits under this Plan to give SHL any information needed by SHL to coordinate those benefits.

### 8.8 Facility of Payment

If another Plan makes a payment that should have been made by SHL, then SHL has the right to pay the other Plan any amount necessary to satisfy SHL's obligation. Any amount paid shall be deemed to be benefits paid under this Plan, and to the extent of such payments, SHL shall be fully discharged from liability under this Plan.

**8.9 Right to Recover Payment**

If the amount of benefit payment exceeds the amount needed to satisfy SHL's obligation under this section, SHL has the right to recover the excess amount from one or more of the following:

- (a) Any persons to or for whom such payments were made.
- (b) Any insurance companies or service plans.
- (c) Any other organizations.

**8.10 Failure to Cooperate**

If an Insured fails to cooperate with SHL's administration of this section, the Insured may be responsible for the expenses for the services rendered and if legal action is taken, a court could make the Insured responsible for any legal expense incurred by SHL to enforce its rights under this section.

Insured cooperation includes the completion of the necessary paperwork that would enable SHL to collect payment from the Primary Plan for services. Any benefits paid to the Insured in excess of actual expenses must be refunded to SHL.

**SECTION 9. Premium Payments, Grace Period and Changes in Premium Rates**

This section tells you when premium payments are due, what happens when payments are not received and when premium rates can change.

**9.1 Monthly Payments**

The Premium Due Date is the first (1<sup>st</sup>) day of the calendar month. On or before the Premium Due Date, the Subscriber will remit to SHL, on behalf of the Subscriber and his covered Dependents the premium amount specified by SHL.

**9.2 Grace Period**

Only Insureds for whom premium payment is actually received by SHL shall be entitled to Covered Services hereunder and then only for the period for which such payment is received. SHL shall not be liable for any healthcare services incurred by any Insured beyond the period for which the premium payment has been paid. SHL shall be entitled to receive reimbursement from the Subscriber for any claims paid by SHL for services provided after the date of termination.

**9.3 Changes in Premium Payments**

SHL reserves the right to establish a revised schedule of premium payments provided it gives the Subscriber thirty (30) day notice prior to the Annual Open Enrollment as established by Federal guidelines.

**9.4 Past Due Premiums**

To the extent permitted by applicable State law, SHL may assign any past-due premium amounts owed for coverage in the twelve (12) month period preceding the requested effective date of any new coverage when determining whether an individual or employer has made an initial premium payment to effectuate new coverage.

**9.4 Third Party Payment of Premiums**

The following are the only acceptable third parties who may pay SHL premiums on the Insured's behalf:

- Ryan White HIV/AIDS program under Title XXVI of the Public Health Service Act;
- Indian tribes, tribal organizations, or urban Indian organizations;
- Employer;
- State and Federal government programs; or
- Family members.

If payment from the Insured is received and premium is determined to be from a non-acceptable third party, the Insured will be informed that the payment will be returned and that the premium payment remains due by an acceptable party. If the premium payment is not received from an acceptable party within the premium grace period the policy will be terminated for nonpayment of premium.

# *Agreement of Coverage*

## **SECTION 10. General Provisions**

### **10.1 Relationship of Parties**

The relationship between SHL and Plan Providers is an independent contractor relationship. Plan Providers are not agents or employees of SHL, nor is SHL, or any employee of SHL, an employee or agent of a Provider. SHL shall not be liable for any claims or demands on account of damages arising out of, or in any manner connected with, any injury suffered by an Insured while receiving care from any Plan Provider. SHL is not bound by statements or promises made by its Plan Providers.

### **10.2 Entire Agreement**

This Agreement, including the Attachment A Benefit Schedule and any other Attachments, Endorsements, Riders or Amendments to it, the Insured's Enrollment Form, health statements, Insured Identification Card, and all other applications received by SHL constitutes the entire agreement between the Insured and SHL and as of its Effective Date, replaces all other agreements between the parties.

For the duration of time an Insured's coverage is continuously effective under SHL, regardless of the occurrence of any specific Plan or product changes during such time, all benefits paid by SHL under any and all such Plans on behalf of such Insured shall accumulate towards any applicable lifetime or other maximum benefit amounts as stated in the Insured's most current Plan Attachment A Benefit Schedule to the Agreement.

This policy, including the endorsements and the attached papers, if any, constitutes the entire contract of insurance. No change in this policy shall be valid until approved by an executive officer of the insurer and unless such approval is endorsed hereon or attached hereto. No agent has authority to change this policy or to waive any of its provisions.

In the event SHL decides to discontinue offering and renewing health benefit plans delivered or issued for delivery in this state, SHL will provide notice of its intention to all persons covered by the discontinued insurance at least ninety (90) days before the nonrenewal of any health benefit plan by SHL.

### **10.3 Payment of Benefits**

Payment of benefits by SHL shall be in cash or cash equivalents, or in a form of other consideration that SHL determines to be adequate. Where benefits are payable directly to a Provider, such adequate consideration includes the forgiveness in whole or in part of the amount the Provider owes to SHL, or to other Health Benefit Plans' for which SHL makes payments where SHL has taken an assignment of the other plans' recovery rights for value.

### **10.4 Contestability**

No statement made by an Insured for the purpose of effecting any coverage or any increase in coverage under the Plan for such Insured will be used in contesting the validity of the coverage with respect to which such statement was made after such coverage or increase in coverage has been in force prior to the contest for a period of two (2) consecutive years unless the statement is contained in a written instrument signed by the Insured.

### **10.5 Authority to Change the Form or Content of this AOC**

No agent or employee of SHL is authorized to change the form or content of this AOC or waive any of its provisions. Such changes can be made only through an amendment authorized and signed by an officer of SHL.

### **10.6 Identification Card**

Cards issued by SHL to Insureds pursuant to this Plan are for identification only. Possession of an SHL identification card confers no right to services or other benefits under this Plan. To be entitled to such services or benefits the holder of the card must, in fact, be an Insured on whose behalf all applicable premiums under this Plan have actually been paid. Any person receiving services or other benefits to which he is not then entitled pursuant to the provisions of this AOC will be liable for the actual cost of such services or benefits.

### **10.7 Notice**

Any notice under this Plan may be given by United States mail, first class, postage prepaid, addressed as follows:

Sierra Health and Life Insurance Co., Inc.  
P. O. Box 15645  
Las Vegas, Nevada 89114-5645

# Agreement of Coverage

Notice to an Insured will be sent to the last address known to SHL for the Insured.

## 10.8 Interpretations of the AOC

The laws of the state of issue shall be applied to interpretations of the Plan.

## 10.9 Assignment

This Plan is not assignable without the written consent of SHL. The coverage and any benefits under this Plan are not assignable by the Insured without the written consent of SHL.

## 10.10 Modifications

By issuance of the Plan and the Agreement, the coverage available under this Plan becomes available to Insureds who are eligible under Section 1. However, the Plan shall be subject to amendment, modification or termination in accordance with any provision hereof or by mutual agreement between SHL and the Insured. This AOC will automatically be modified to conform with any applicable State and Federal law requirements. SHL reserves the right to establish a revised schedule of premium payments provided it gives the Subscriber thirty (30) day notice prior to the Annual Open Enrollment as established by Federal guidelines. By electing medical and hospital coverage through SHL or accepting any benefits under the Plan, all Insureds legally capable of contracting, and the legal representatives of all Insureds incapable of contracting, agree to all terms, conditions, and provisions hereof.

## 10.11 Clerical Error

Clerical error in keeping any record pertaining to the coverage will not invalidate coverage in force or continue coverage terminated.

## 10.12 Policies and Procedures

SHL may adopt reasonable policies, procedures, rules and interpretations to promote the orderly and efficient administration of this Plan with which Insureds shall comply.

These policies and procedures are maintained by SHL at its offices. Such policies and procedures may have bearing on whether a medical service and/or supply is covered.

## 10.13 Overpayments

If SHL pays benefits for expenses incurred on account of an enrolled Insured, that Insured or any other person or organization that was paid, must make a refund to SHL if any of the following apply:

- If the refund is due from the Insured and the Insured does not promptly refund the full amount, SHL may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part, future benefits for the Insured that are payable under the policy. If the refund is due from a person or organization other than the Insured, SHL may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part:
  - future benefits that are payable in connection with services provided to other Insureds under the policy; or
  - future benefits that are payable in connection with services provided to persons under other plans for which we make payments, pursuant to a transaction in which SHLs overpayment recovery rights are assigned to such other Health Benefit Plan's in exchange for such Plans' remittance of the amount of the reallocated payment.

## 10.14 Cost Containment Features

The AOC contains a number of cost containment provisions including, but not limited to:

- (a) Second and Third Opinions/Consultations;
- (b) Preventive healthcare benefits;
- (c) Plan Provider benefit incentives as described in Attachment A Benefit schedule; and
- (d) SHL's Managed Care Program.

## 10.15 Release of Records

Each Insured authorizes the Physician, Hospital, Skilled Nursing Facility or any other Provider of healthcare to permit the examination and copying of the Insured's medical records, as requested by SHL.

Information from medical records and information received from Physicians or Hospitals incident to the Physician/Patient relationship or Hospital/Patient relationship shall be kept confidential and, except for use in connection with government requirements established by law or the administration of this Plan, records may not be disclosed to any unrelated third party without the Insured's consent.

## ***Agreement of Coverage***

### **10.16 Gender References**

Whenever a masculine pronoun is used in this AOC, it also includes the feminine pronoun.

### **10.17 Legal Proceedings**

No action of law or in equity shall be brought to recover on the Plan prior to the expiration of sixty (60) days after proof of claim has been filed in accordance with the requirements of the AOC. No such action shall be brought at any time unless brought within the time allowed by the laws of the jurisdiction of issue.

If the laws of the jurisdiction of issue do not designate the maximum length of time in which such action may be brought, no action may be brought after three (3) years from the time within which proof of loss is required by the AOC.

### **10.18 Availability of Providers**

SHL does not guarantee the continued availability of any specific Plan Provider or the availability of Plan Providers in all specialty fields.

### **10.19 Authorized Representative**

An Insured may elect to designate an "Authorized Representative" to act on their behalf to pursue a Claim for Benefits or the appeal of an Adverse Benefit Determination. The term Insured also includes the Insured's Authorized Representative, where applicable and appropriate. To designate an Authorized Representative, written notice, signed and dated by the Insured, is required. The notice must include the full name of the Authorized Representative and must indicate specifically for which Claim for Benefits or appeal the authorization is valid. The notice should be sent to:

Sierra Health and Life Insurance Co., Inc.  
Attn: Customer Response and  
Resolution Department  
P.O. Box 15645  
Las Vegas, Nevada 89114 5645

Any correspondence from SHL regarding the specified Claim for Benefits or appeal will be provided to both the Insured and his Authorized Representative.

In case of an Urgent Care Claim, a healthcare professional with knowledge of the Insured's medical condition shall be permitted to act as an Authorized Representative of the Insured without designation by the Insured.

### **10.20 Failure to Obtain Prior Authorization**

The Insured's Physician must initiate all requests for Prior Authorization. If a Physician or Insured fails to follow the Plan's procedures for filing a request for Prior Authorization (Pre-Service Claim), the Insured shall be notified of the failure and the proper procedures to be followed in order to obtain Prior Authorization. The Insured's request for Prior Authorization must be received by an employee or by the department of the Plan customarily responsible for handling benefit matters. The original request must specifically name the Insured, the specific medical condition or symptom and the specific treatment, service or product for which approval is requested. The Insured notification of correct Prior Authorization procedures from the Plan shall be provided as soon as possible, but not later than five (5) days (twenty-four (24) hours in the case of an Urgent Care Claim) following the Plan's receipt of the Insured's original request. Notification by SHL may be oral unless specifically requested in writing by the Insured.

### **10.21 Timing of Notification of Benefit Determination**

**Concurrent Care Decision:** If SHL has approved an ongoing course of treatment to be provided over a period of time or number of treatments and reduces or terminates coverage of such course of treatment (other than by Plan amendment or termination) before the end of such period of time or number of treatments, SHL will notify the Insured at a time sufficiently in advance of the reduction or termination to allow the Insured to appeal and obtain a determination before the benefit is reduced or terminated. Subject to the paragraph below, such request may be treated as a new Claim for Benefits and decided within the timeframes applicable to either a Pre-Service Claim or a Post-Service Claim as appropriate. Provided, however, any appeal of such a determination must be made within a reasonable time and may not be afforded the full one-hundred eighty (180) day period as described in the Appeals Procedures section.

Any request by an Insured to extend the course of treatment beyond the period of time or number of treatments for an Urgent Care Claim shall be decided as soon as possible. SHL shall notify the Insured within twenty-four (24) hours after receipt of the Claim for Benefits by the Plan, provided that the request is received at least twenty-four (24) hours prior to the expiration of the authorized

## *Agreement of Coverage*

period of time or number of treatments. If the request is not made at least twenty-four (24) hours prior to the expiration of the authorized period of time or number of treatments, the request will be treated as an Urgent Care Claim.

### **10.22 Notification of an Adverse Benefit Determination**

If you receive an Adverse Benefit Determination, you will be informed in writing of the following:

- The specific reason or reasons for upholding the Adverse Benefit Determination;
- Reference to the specific Plan provisions on which the determination is based;
- A description of any additional material or information necessary for the Claim for Benefits to be approved, modified or reversed, and an explanation of why such material or information is necessary;
- A description of the review procedures and the time limits applicable to such procedures;
- For Insured's whose coverage is subject to ERISA, a statement of the Insured's right to bring a civil action under ERISA Section 502(a) following an appeal of an Adverse Benefit Determination, if applicable;
- A statement that any internal rule, guideline, protocol or other similar criteria that was relied on in making the determination is available free of charge upon the Insured's request; and
- If the Adverse Benefit Determination is based on Medical Necessity or Experimental, Investigational or Unproven treatment or similar exclusion or limit, either an explanation of the scientific or clinical judgment or a statement that such explanation will be provided free of charge.

### **10.21 Prior Healthcare Coverage**

If the Insured has prior coverage that, as required by state law, extends benefits for a particular condition or a disability, SHL will not pay benefits for health care services for that condition or disability until the prior coverage ends. SHL will pay benefits as of the day coverage begins under the Plan for all other Covered Services that are not related to the condition or disability for which the Insured has other coverage.

## **SECTION 11. Claims Provisions**

This Section tells you how and when to file a claim under the Plan.

### **11.1 Notice and Proof of Claim**

Written notice of each Illness or Injury for which benefits are claimed should be given to SHL within twenty (20) days of the date any healthcare services are received. Failure to furnish notice within twenty (20) days will not invalidate or reduce any claim if it is shown that notice was provided as soon as was reasonably possible.

SHL, upon receipt of such notice, will furnish to the Insured within fifteen (15) days forms for filing the proof of claim. If such forms are not furnished within fifteen (15) days, the Insured shall be deemed to have complied with the requirements of this Plan as to proof of loss upon submitting, within fifteen (15) days, written proof covering the occurrence, the character and the extent of the loss for which the claim is being made.

SHL agrees to:

- (a) Provide claim forms to the Insured for submitting claims to SHL;
- (b) Receive claims and claims documentation;
- (c) Correspond with Insureds and Providers of services if additional information is deemed by SHL to be necessary to complete the processing of claims;
- (d) Coordinate benefits payable under the Plan with other benefit plans, if any;
- (e) Determine the amount of benefits payable under the Plan; and
- (f) Pay the amount of benefits determined to be payable under the Plan.

When seeking reimbursement from SHL for expenses incurred in connection with services received, the Insured must complete a claim form and submit it to the SHL Claims Department with copies of all of the medical records, bills and/or receipts from the Provider. Additional claim forms can be obtained by calling the Member Services Department at 888-293-6831.

If the Insured receives a bill for Covered Services, the Insured may request that SHL pay the Provider directly by sending the bill, with copies of all medical records and a signed completed claim form to the SHL Claims Department.

SHL shall approve or deny a claim within thirty (30) days after receipt of the claim. If the claim is approved, the claim shall be paid within thirty (30) days from the date it was approved.

## Agreement of Coverage

If the approved claim is not paid within that thirty (30) day period, SHL shall pay interest on the claim at the rate set forth by applicable Nevada law. The interest will be calculated from thirty (30) days after the date on which the claim is approved until the date upon which the claim is paid.

SHL may request additional information to determine whether to approve or deny the claim. SHL shall notify the Provider of its request for additional information within twenty (20) days after receipt of the claim. SHL will notify the Provider of the healthcare services of all the specific reasons for the delay in approving or denying the claim. SHL shall approve or deny the claim within thirty (30) days after receiving the additional information. If the claim is approved, SHL shall pay the claim within thirty (30) days after it receives the additional information. If the approved claim is not paid within that time period, SHL shall pay interest on the claim in the manner set forth above.

If SHL denies the claim, notice to the Insured will include the reasons for the rejection and the Insured's right to file an Informal Appeal as set forth in the Appeals Procedures section of this AOC.

### 11.2 Timely Filing Requirement

All claims must be submitted to SHL within sixty (60) days from the date expenses were incurred, unless it shall be shown not to have been reasonably possible to give notice within the time limit, and that notice was furnished as soon as was reasonably possible. If the Insured authorizes payment directly to the Provider, a check will be mailed to that Provider. A check will be mailed directly to the Insured if direct payment to the Provider is not authorized. The Insured will receive an explanation of how the payment was determined.

### 11.3 Late Claims Exclusion

No payment shall be made under the Plan with respect to any claim, including additions or corrections to a claim which has already been submitted, that is not received by SHL within twelve (12) months after the date Covered Services were provided. In no event will SHL pay more than SHL's Eligible Medical Expenses, or the Recognized Amount when applicable, for such services.

### 11.4 Examination

SHL will have the right and opportunity at its own expense to examine the person of any individual whose Illness or Injury is the basis of a claim when and as often as it may reasonably require during the pendency of a claim hereunder and in the case of death, to make an autopsy where not prohibited by law.

## SECTION 12. Pharmacy Provisions

### 12.1 Obtaining Covered Drugs

Benefits for Covered Drugs are payable subject to the following conditions:

- A **Designated** Plan Pharmacy must dispense the Covered Drug, except as otherwise specifically provided herein.
- A Generic Covered Drug will be dispensed when available, subject to the prescribing Provider's "Dispense as written" requirements. Benefits for Specialty Covered Drugs as defined herein are payable subject to the applicable tier Cost-share for up to a 30 day supply.
- If you require certain Covered Drugs, including, but not limited to, Specialty Drugs, SHL may direct you to a Designated Plan Pharmacy with whom SHL has an arrangement to provide those Covered Drugs. If you choose not to use the Designated Plan Pharmacy and instead have the Specialty Covered Drugs dispensed by a non-Designated Plan Retail Pharmacy, you will be responsible for paying two times the amount of the Specialty Covered Drug Tier Copayment and/or Coinsurance as stated in the applicable plan Attachment A, Schedule of Benefits.
- When a Prescription Drug is packaged or designed to deliver in a manner that provides more than a consecutive thirty (30) day supply, the Cost-share that applies will reflect the number of days dispensed.

### 12.2 Designated Plan Pharmacy Benefit Payments

Benefits for Covered Drugs obtained at a Designated Plan Pharmacy are payable according to the applicable benefit tiers described below, subject to the Insured obtaining any required Prior Authorization or meeting any applicable Step Therapy requirement.

- **Tier I** – is the low Cost-share option for Covered Drugs.
- **Tier II** – is the midrange Cost-share option for Covered Drugs.
- **Tier III** – is the high Cost-share option for Covered Drugs.
- **Tier IV** – is the highest Cost-share option for Covered Drugs.
- **Mandatory Generic benefit provision applies when:**

## Agreement of Coverage

a Brand Name Covered Drug is dispensed and a Generic Covered Drug equivalent is available. After satisfying any applicable CYD, the Insured will pay the applicable tier Copayment and/or Coinsurance plus the difference between the Eligible Medical Expenses, or the Recognized Amount when applicable, of the Generic Covered Drug and of the Brand Name Covered Drug to the Designated Plan Pharmacy for each Therapeutic Supply. The difference in the amount between such Brand Name and Generic Covered Drug paid by the Insured does not accumulate to any otherwise applicable plan Calendar Year Prescription Drug Deductible, overall plan CYD or annual Out of Pocket Maximum.

### 12.3 Non-Plan Pharmacy Benefit Payments

In order for claims for Covered Drugs obtained at a Non-Plan Pharmacy to be eligible for benefit payment, the Insured must complete and submit a Pharmacy Reimbursement Claim Form with the prescription label and register receipt to SHL or its designee.

Benefit payments are subject to the limitations and exclusions set forth in the SHL AOC as follows:

1. When any Covered Drug is dispensed, the benefit payment will be subject to SHL's EME, or the Recognized Amount when applicable, and any applicable tier Copayment and/or Coinsurance. The Insured is responsible for any amounts exceeding SHL's benefit payment.
2. The Mandatory Generic benefit provision applies when any Brand Name Covered Drug is dispensed and a Generic Covered Drug equivalent is available. The benefit payment is subject to SHL's EME, or the Recognized Amount when applicable, of the Generic Covered Drug less the applicable tier Copayment and/or Coinsurance. The Insured is responsible for any amounts exceeding SHL's benefit payment.
3. No benefits are payable if SHL's EME, or the Recognized Amount when applicable, of the Covered Drug is less than the applicable Copayment and/or Coinsurance.

### 12.4 90 Day Retail Plan Network <sup>(1)</sup> and Mail Order Plan Pharmacy Benefit Payments

Benefits for Covered Drugs are available when dispensed by an SHL Retail<sup>(1)</sup> and Mail Order Plan Pharmacy subject to the applicable tier Copayment. Information on how to obtain Mail Order Drugs is provided in the Mail Order Brochure provided after enrollment with SHL.

<sup>(1)</sup> Applies to select retail pharmacies, please consult your Provider directory.

### 13.4 Limitations

- Prior Authorization or Step Therapy may be required for certain Covered Drugs.
- Benefits are available for refills of Covered Drugs, including prescription eye drops and opioids, only when dispensed as ordered by a duly licensed health care provider. Refills are provided once a given amount of the Covered Drug is used through the course of therapy; amounts vary by the type of Covered Drug. Refill dates of Covered Drugs can be aligned so that drugs that are refilled at the same frequency can be refilled concurrently.
- A pharmacy may refuse to fill or refill a prescription order when in the professional judgment of the pharmacist the prescription should not be filled.
- Benefits are not payable if the Insured is directed to a Designated Plan Pharmacy and chooses not to obtain the Covered Drug from that Designated Plan Pharmacy.
- If SHL determines that the Insured may be using Prescription Drugs in a harmful or abusive manner, or with harmful frequency, the Insured's selection of Plan Pharmacies may be limited. If this happens, SHL may require the Insured to select a single Plan Pharmacy that will provide and coordinate all future pharmacy services. Benefit coverage will be paid only if the Insured uses the assigned single Plan Pharmacy. If a selection is not made by the Insured within thirty-one (31) days of the date of notification, then SHL will select a single Plan Pharmacy for the Insured.
- Certain Specialty Prescription Drugs may be dispensed by the Designated Pharmacy in fifteen (15) day supplies up to ninety (90) days and at a pro-rated Copayment or Coinsurance. The Insured will receive a fifteen (15) day supply of the Specialty Prescription Drug Product to determine if the Insured will tolerate the Specialty Prescription Drug Product prior to purchasing a full supply. The Designated Pharmacy will contact the Insured each time prior to dispensing the fifteen (15) day supply to confirm if the Insured is tolerating the Specialty Prescription Drug Product. The list of these certain Specialty Prescription Drugs is available through review of the SHL Prescription Drug List (PDL).
- If a Prescription Drug is excluded from coverage, the Insured or representative may request an exception to gain access to the excluded Prescription Drug. Exceptions do not apply to drugs that are considered benefit exclusions, such as drugs for sexual dysfunction, cosmetic products and infertility.

To make a request, contact SHL in writing or call the toll-free number on your ID card. Please note, if the request for an exception is approved by SHL, the Insured may incur the cost of the excepted Prescription Drug at the highest tier. If the request requires

## Agreement of Coverage

immediate action and a delay could significantly increase a health risk or the ability regain maximum function, call SHL as soon as possible. SHL will provide a written or electronic determination within twenty-four (24) hours. If the Insured is not satisfied with SHL's determination of the exclusion exception, they may request an External Review. Please refer to the *Appeals Procedure* section herein for further information.

- SHL may have certain programs in which the Insured may receive an enhanced or reduced benefit based on their actions such as adherence/compliance to medication or treatment regimens, and/or taking part in health management programs. Questions about these programs can be directed to the Member Services telephone number on your ID card.
- HIV preventative drugs, subject to reasonable management techniques as determined by Nevada state law, when prescribed by a participating Pharmacist.

### 12.5 Coverage Policies and Guidelines

SHL's Prescription Drug List (PDL) Management Committee is authorized to make tier placement changes on SHL's behalf. The PDL Management Committee makes the final classification of an FDA-approved Prescription Drug to a certain tier by considering a number of factors including but not limited to, clinical and economic factors. Clinical factors may include, but are not limited to, evaluations of the place in therapy, relative safety or relative efficacy of the Prescription Drug, as well as whether certain supply limits or prior authorization requirements should apply. Economic factors may include, but are not limited to, the Prescription Drug's acquisition cost including, but not limited to, available rebates and assessments of the cost effectiveness of the Prescription Drug.

Some Prescription Drugs are more cost effective for specific indications as compared to others; therefore, a Prescription Drug may be listed on multiple tiers according to the indication for which the Prescription Drug was prescribed, or according to whether it was prescribed by a Specialist Physician.

When considering a Prescription Drug for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Covered Persons as a general population. Whether a particular Prescription Drug is appropriate for an individual Covered Person is a determination that is made by the Covered Person and the prescribing Physician.

NOTE: the tier status of a Prescription Drug may change periodically based on the process described above but only at times specified by NRS 687B.4095. As a result of such changes, you may be required to pay more or less for that Prescription Drug.

Questions about SHL's PDL should be directed to the Member Services Department at 888-293-6831 or the PDL and the Pharmacy Reimbursement Claim Form is available at <https://sierrahealthandlife.com/~media/Files/SHL/pdf/Forms/Pharmacy-Reimbursement-Claim-Form.ashx?la=en>.

#### Coupons

SHL may not permit certain coupons or offers from pharmaceutical manufacturers or their affiliates to apply to the Insured's annual CYD and/or Out of Pocket Maximum or to reduce the Insured's Copayments and/or Coinsurance. Costs defrayed for the Insured as a result of pharmaceutical coupons are not Eligible Medical Expenses. Questions regarding which coupons or offers are available can be addressed at [sierrahealthandlife.com](http://sierrahealthandlife.com).

At various times, SHL may send mailings or provide other communications that include a variety of messages, including information about prescription and non-prescription drugs. These communications may include offers that enable the Insured to purchase the described product at a discount. In some instances, non-SHL entities may support and/or provide content for these communications and offers. Only the Insured and the Provider can determine whether a change in prescription and/or non-prescription drug regimen is appropriate for the Insured's medical condition.

Variable Copayment Program: Certain Specialty Prescription Drugs are eligible for coupons or offers from pharmaceutical manufacturers or affiliates that may reduce the cost for the Insured's Prescription Drug and SHL may help the Insured determine whether the Specialty Prescription Drug is eligible for this reduction. If the Insured redeems a coupon from a pharmaceutical manufacturer or affiliate, the Copayment and/or Coinsurance may vary. Please contact the telephone number on your ID card for an available list of Specialty Prescription Drugs. If the Insured chooses not to participate, they will pay the Copayment or Coinsurance as described in the Attachment A Benefit Schedule.

The amount of the coupon will not count toward any applicable Calendar Year Deductible or Out of Pocket Maximums.

#### Rebates and Other Payments

## *Agreement of Coverage*

SHL may receive rebates for certain drugs included on the Prescription Drug List, including those drugs that an Insured purchased prior to meeting any applicable deductible. As determined by SHL, a portion of any rebates may be passed on to the Insured and may be taken into account in determining any applicable Copayment and/or Cost-share.

SHL, and a number of our affiliated entities, conduct business with pharmaceutical manufacturers separate and apart from the Outpatient Prescription Drug benefit. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this Outpatient Prescription Drug benefit and, therefore, such amounts do not pass on to the Insured.

### **SECTION 13. Appeals Procedures**

The SHL Appeals Procedures are available to you in the event you are dissatisfied with some aspect of the Plan administration or you wish to appeal an Adverse Benefit Determination. This procedure does not apply to any problem of misunderstanding or misinformation that can be promptly resolved by the Plan supplying the Insured with the appropriate information.

If an Insured's Plan is governed by ERISA, the Insured must exhaust the mandatory level of mandatory appeal before bringing a claim in court for a Claim of Benefits.

Concerns about medical services are best handled at the medical service site level before being brought to SHL. If an Insured contacts SHL regarding an issue related to the medical service site and has not attempted to work with the site staff, the Insured may be directed to that site to try to solve the problem there, if the issue is not a Claim for Benefits.

Please see the Glossary Terms Section herein for a description of the terms used in this section.

The following Appeals Procedures will be followed if the medical service site matter cannot be resolved at the site or if the concern involves the Adverse Benefit Determination of a Claim for Benefits. All Appeals will be adjudicated in a manner designed to ensure independence and impartiality on the part of the persons making the decision.

**Formal Appeal:** An appeal of an Adverse Benefit Determination filed either orally or in writing which SHL's Customer Response and Resolution Department investigates. If a Formal Appeal is resolved to the satisfaction of the Insured, the appeal is closed. The Formal Appeal is **mandatory** if the Insured is not satisfied with the initial determination and the Insured wishes to appeal such determination.

**Member Services Representative:** An employee of SHL that is assigned to assist the Insured or the Insured's Authorized Representative in appealing an Adverse Benefit Determination.

#### **13.1 Formal Appeal**

A Formal Appeal must be submitted orally or in writing to SHL's Customer Response and Resolution Department within 180 days of an Adverse Benefit Determination. Formal Appeals not filed in a timely manner will be deemed waived with respect to the Adverse Benefit Determination to which they relate.

A Formal Appeal shall contain at least the following information:

- The Insured's name (or name of Insured and Insured's Authorized Representative), address, and telephone number;
- The Insured's SHL Membership number; and
- A brief statement of the nature of the matter, the reason(s) for the appeal, and why the Insured feels that the Adverse Benefit Determination was wrong.

Additionally, the Insured may submit any supporting medical records, Physician's letters, or other information that explains why SHL should approve the Claim for Benefits. The Insured can request the assistance of a Member Services Representative at any time during this process.

The Formal Appeals should be sent or faxed to the following:

Sierra Health and Life Insurance Co., Inc.  
Attn: Customer Response and Resolution Department  
PO Box 14865  
Las Vegas, NV 89114  
Fax: 1-702-266-8813

## ***Agreement of Coverage***

SHL will investigate the appeal. When the investigation is complete, the Insured will be informed, in writing, of the resolution within thirty (30) days of receipt of the request for the Formal Appeal. This period may be extended one (1) time by SHL for up to fifteen (15) days, provided that:

- the extension is necessary due to matters beyond the control of SHL and
- SHL notifies the Insured, prior to the expiration of the initial thirty (30) day period, of the circumstances requiring the extension and the date by which SHL expects to render a decision.

If the extension is necessary due to a failure of the Insured to submit the information necessary to decide the claim, the notice of extension shall specifically describe the required information and the Insured shall be afforded at least forty-five (45) days from receipt of the notice to provide the information.

If the Formal Appeal results in an Adverse Benefit Determination, the Insured will be informed in writing of the following:

- The specific reason or reasons for upholding the Adverse Benefit Determination;
- Reference to the specific Plan provisions on which the determination is based;
- A statement that the Insured is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the Insured's Claim for Benefits;
- A statement that any internal rule, guideline, protocol or other similar criteria that was relied on in making the determination is available free of charge upon the Insured's request; and
- If the Adverse Benefit Determination is based on Medical Necessity or Experimental, Investigational or Unproven treatment or similar exclusion or limit, either
  - an explanation of the scientific or clinical judgment or
  - a statement that such explanation will be provided free of charge as well as information regarding the Insured's right to request an External Review by the State of Nevada's Office for Consumer Health Assistance (OCHA).

Limited extensions may be required if additional information is required in order for SHL to reach a resolution.

If SHL is unable to resolve the members appeal as additional information is required, SHL will contact the member to obtain their permission to withdraw the appeal. The Insured will receive written notification that the appeal has been withdrawn and advised of the ninety (90) day timeframe in which to reopen their appeal.

### **13.2 Expedited Appeal**

The Insured can ask (either orally or in writing) for an Expedited Appeal of an Adverse Benefit Determination for a Pre-Service Claim that involves an Urgent Care Claim if the Insured or his Physician believe that the health of the Insured could be seriously harmed by waiting for a routine appeal decision. Expedited Appeals are not available for appeals regarding denied claims for benefit payment (Post-Service Claim) or for Pre-Service Claims that are not Urgent Care Claims. Expedited Appeals must be decided no later than seventy-two (72) hours after receipt of the appeal, provided all necessary information has been submitted to SHL. If the initial notification was oral, SHL shall provide a written or electronic explanation to the Insured within seventy-two (72) hours after the expedited appeal being filed.

If insufficient information is received, SHL shall notify the Insured as soon as possible, but no later than twenty-four (24) hours after receipt of the claim of the specific information necessary to complete the claim. The Insured will be afforded a reasonable amount of time, taking into account the circumstances, but not less than forty-eight (48) hours, to provide the specified information. SHL shall notify the Insured of the benefit determination as soon as possible, but in no case later than forty-eight (48) hours after the earlier of:

- SHL's receipt of the specified information, or
- The end of the period afforded the Insured to provide the specified information.

If the Insured's Physician

- requests an Expedited Appeal, or
- supports an Insured's request for an Expedited Appeal, and indicates that waiting for a routine appeal could seriously harm the health of the Insured or subject the Insured to unmanageable severe pain that cannot be adequately managed without care or treatment that is the subject of the Claim for Benefits,

SHL will automatically grant an Expedited Appeal.

If a request for an Expedited Appeal is submitted without support of the Insured's Physician, SHL shall decide whether the Insured's health requires an Expedited Appeal. If an Expedited Appeal is not granted, SHL will provide a decision within thirty (30) days, subject to the routine appeals process for Pre-Service Claims.

**13.3 External Review**

SHL offers to the Insured or the Insured’s Authorized Representative the right to an External Review of an adverse determination. For the purposes of this section, an Insured’s Authorized Representative is a person to whom an Insured has given express written consent to represent the Insured in an External Review of an adverse determination; or a person authorized by law to provide substituted consent for an Insured; or a family Insured of an Insured or the Insured’s treating provider only when the Insured is unable to provide consent.

Adverse determinations eligible for External Review set forth in this section are only those relating to Medical Necessity, appropriateness of service, healthcare service, healthcare setting, or level of care or effectiveness of a healthcare service. SHL will provide the Insured notice of such an adverse determination which will include the following statement:

*SHL has denied your request for the provision or payment of a requested healthcare service or course of treatment. You may have the right to have our decision reviewed by health care professionals who have no association with us if our decision involved making a judgment as to the Medical Necessity, appropriateness, health care setting, level of care or effectiveness of the health care service or treatment you requested by submitting a request for External Review to the Office for Consumer Health Assistance.*

Additionally, as per applicable law and regulations, the notice will provide the Insured the information outlined herein as well as the following:

- The telephone number for the Office for Consumer Health Assistance for the state of jurisdiction of the health carrier and the state in which the Insured resides.
- The right to receive correspondence in a culturally and linguistically appropriate manner.

The notice to the Insured or the Insured’s Authorized Representative will also include

- a HIPAA compliant authorization form by which the Insured or the Insured’s Authorized Representative can authorize SHL and the Insured’s Physician to disclose protected health information (“PHI”), including medical records, that are pertinent to the External Review,
- and any other forms as required by Nevada law or regulation.

The Insured or the Insured’s Authorized Representative may submit a request directly to OCHA for an External Review of an adverse determination by an Independent Review Organization (“IRO”) within four (4) months of the Insured or the Insured’s Authorized Representative receiving notice of such determination. The IRO must be certified by the Nevada Division of Insurance. Requests for an External Review must be made in writing and submitted to OCHA at the address below and should include the signed HIPAA authorization form, authorizing the release of your medical records. The entire External Review process and any associated medical records are confidential.

**13.4 Standard External Review**

The Insured may submit a request for an External Review of an adverse determination under this section only after

- the Insured has exhausted the internal SHL Appeals Procedures provided under this Plan or
- if SHL fails to issue a written decision to the Insured within thirty (30) days after the date the appeal was filed, and the Insured or Insured’s Authorized Representative did not request or agree to a delay or,
- if SHL agrees to permit the Insured to submit the adverse determination to OCHA without requiring the Insured to exhaust all internal SHL appeals procedures.

In such event, the Insured shall be considered to have exhausted the internal SHL appeals process.

## ***Agreement of Coverage***

Within five (5) days after OCHA receives a request for External Review, OCHA shall notify the Insured, the Insured's Authorized Representative and SHL that such request has been received and filed. As soon as practical, OCHA shall assign an IRO to review the case.

Within five (5) days after receiving notification specifying the assigned IRO from OCHA, SHL shall provide to the selected IRO all documents and materials relating to the adverse determination, including, without limitation:

If additional information is required, it must be provided to the IRO within five (5) days after receiving the request. The IRO will forward a copy of the additional information to SHL within one (1) business day after receipt.

- failure to proceed in an expedited manner may jeopardize the life or health of the Insured.

The OCHA shall approve or deny this request for Expedited External Review with seventy-two (72) hours after receipt of the above required proof. If OCHA approves the request, it shall assign the request to an IRO no later than one (1) business day after approving the request. SHL will supply all relevant medical documents and information used to establish the adverse determination to the IRO within twenty-four (24) hours after receiving notice from the OCHA.

The IRO shall complete its Expedited External Review within forty-eight (48) hours after initially being assigned the case unless the Insured or the Insured's Authorized Representative and SHL agree to a longer time period.

Within one (1) business day of making such a determination, SHL will notify in writing, the Insured or the Insured's Authorized Representative and OCHA, accordingly. If SHL determines that the case is incomplete and/or ineligible, SHL will notify the Insured in writing of such determination. Such notice shall include the required additional information or materials needed to make the request complete and, if applicable, state the reasons for ineligibility and also state that such determination may be appealed to OCHA. Within one (1) business day after receiving the confirmation of eligibility for External Review from SHL, OCHA will assign the IRO accordingly and notify in writing the Insured or the Insured's Authorized Representative and SHL that the request is complete and eligible for External Review and provide the name of the assigned IRO. SHL, within five (5) days after receipt of such notice from the OCHA, will supply all relevant medical documents and information used to establish the adverse determination to the assigned IRO who will select and assign one or more clinical reviewers to the External Review.

- if the treating Provider certifies, in writing, that such service or treatment would be less effective if not promptly initiated.

An oral request for an Expedited External Review may be submitted directly to the OCHA upon the written submission of proof from the Insured's Provider to OCHA that such service or treatment would be significantly less effective if not promptly initiated. Upon receipt of such request and proof, the OCHA shall immediately notify SHL accordingly.

SHL will immediately determine if the request meets the requirements for Expedited External Review pursuant to this section and notify the Insured or the Insured's Authorized Representative and the OCHA of the determination. If SHL determines the request to be ineligible, the Insured will be notified that the request may be appealed to OCHA.

If OCHA approves the request for Expedited External Review, it shall immediately assign the request to an IRO and notify SHL. The IRO has one (1) business day to select one or more clinical reviewers. SHL must submit the documentation used to support the adverse determination to the IRO within five (5) business days. - ❖ “**Unproven**” in the context of “Experimental, Investigational or Unproven”, means services, including medications, that are not determined to be effective for treatment of the medical condition or not determined to have a beneficial effect on health outcomes due to insufficient and inadequate clinical evidence from well-conducted randomized controlled trials or cohort studies in the prevailing published peer-reviewed medical literature.
  - Well-conducted randomized controlled trials. (Two or more treatments are compared to each other, and the patient is not allowed to choose which treatment is received.)
  - Well-conducted cohort studies from more than one institution. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.)

SHL has a process by which we compile and review clinical evidence with respect to certain health care services. From time to time, SHL will issue medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice. The Insured can view these policies at <https://healthplanofnevada.com/Provider/Medical-Policies>

NOTE: If the Insured has a life-threatening illness or condition (one that is likely to cause death within one year of the request for treatment) SHL may, as we determine, consider an otherwise unproven service to be a covered healthcare service for that illness or condition. Prior to such a consideration, SHL must first establish that there is sufficient evidence to conclude that, even though Unproven, the service has significant potential as an effective treatment for that illness or condition.

- ❖ “**Urgent Care Claim**” means a Claim for Benefits that is treated in an expedited manner because the application of the time periods for making determinations that are not Urgent Care Claims could seriously jeopardize the Insured's life, health or the ability to regain maximum function by waiting for a routine appeal decision. An Urgent Care Claim also means a Claim for Benefits that, in the opinion of a physician with knowledge of the Insured's medical conditions, would subject the Insured to severe pain that cannot be adequately managed without the care or the treatment that is the subject of the claim. If an original request for Prior Authorization of an Urgent Care service was denied, the Insured could request an Expedited Appeal for the Urgent Care Claim.
- ❖ “**Urgent Care Facility**” means a facility equipped and operated mainly to give immediate treatment for an acute Illness or Injury.
- ❖ “**Urgently Needed Services**” means Covered Services needed to prevent a serious deterioration in an Insured's health. While not as immediate as Emergency Services, these services cannot be delayed until the Insured can see a Plan Provider.

## *Agreement of Coverage*

- ❖ **“Vision Plan Provider”** means a Provider who has an independent contractor agreement with SHL to provide certain Covered Services to Insureds.
